The Supreme Court has taken a recess until May 26.

Wm. J. Treacy, of Lexington, won \$5,500 on Donerail.

Sam Owensby, a negro who killed a white man, was lynched by a mob at Hogansville, Ga., Tuesday.

McVicker's theatre in Chicago, the oldest in the city, has passed into the hands of a moving picture company.

Six hundred girls sold white carnations on the streets of Chicago Sunday and realized \$3,750 for the Mothers' Day fund.

Abe Idolowitz, son of Jewish parents living in a tenement, has been pronounced New York's "perfect baby." Abe is 3½ months old.

Mr. and Mrs. Louis Isley, of New York, had their four children burned to death last January. Last week the stork brought them three more.

Miss Dolorita O'Gorman, the pretty daughter of the New York Senator, is to be married May 24 to John A. Maher, a New York business man.

Rev. E. C. Dargan was re-elected Moderator of the Southern Baptist Convention at St. Louis yesterday. The next meeting will probably be at Nashville.

Penny postal cards will be green hereafter, as is the practice in many foreign countries. Postmaster General Burleson has signed an order for the change.

Robt. F. Loree, of New York, has reversed the order of things and has married the Belgian Baroness Alix Montcheur who gives up her title to become "Mrs. Loree."

Mexican rebels are winning victories over the federals every day and 500 have been killed in the fighting during the last week. Both sides are executing all officers captured.

The Council passed an ordinance dividing Providence into six wards, five of them Democratic. The Republican councilmen voted for it, not seeing the "joker" in the ordinance.

The New Jersey House passed the jury reform bill but the Republicans in the Senate promptly killed it Tuesday. It sought to take the selection of juries out of the hands of the sheriffs.

An Evansville saloon man started home with his pockets full of silver and gold coins amounting to \$150 and fell into the Ohio river. His body sunk like lead. A man with him who had no money swam out.

S. Walker Bryan, the bright young editor and publisher of the Franklin Favorite, died last week after a brief illness of neuralgic-meningitis, aged 30 years. The publication of the paper will be continued by his father, W. H. Bryan.

The local option election held in Georgetown January 25, 1912, which resulted 551 wet to 38 dry, was upheld by the Court of Appeals, reversing the Scott Circuit Court. The drys questioned the legality of the election and refused to vote.

The English suffragettes are sending out to all preachers a demand that "15 insults" to women be cut out of the marriage service, one of which is the promise to "love, honor and obey." With fifteen eliminations, there would not be much left, not even love.

At Henderson Judge Henson denied a charge of venue to the Imperial Tobacco Co., but will try the indictments in Henderson or Union county. It was also shown by the testimony that the Stemming District association has between 7,000,000 and 10,000,000 pounds of the 1912 crop yet unsold in the five counties.

### Same Old Tricks.

Princeton, Ky., May 14.—Plant bed scraping continues in Caldwell county. J. R. Kevill, a well known planter, had two plant beds scraped and others salted. Many similar depredations were committed last week. In fact, the entire Southern section of Caldwell county has suffered from outrages of this character for several weeks.

## HARRY GIRARD

Formerly of This City, Killed By Lightning in Oklahoma.

Chief of Police Roper received a telegram Tuesday from M. M. Morgan, Chief of Police at Tulsa, Okla., which read: "Middle aged man named Harry Girard killed by lightning yesterday. Understand he has relatives in your city. Can you locate them? If so have them wire disposition of remains."

The telegram referred to a young man who was a resident of this city about 15 years ago, a nephew of W. M. Girard, a meat man who subsequently died, leaving a widow at Crofton. The boy was a member of Co. D., and left about the time the elder Girard quit business here and had not since been heard of. He has no relatives here now and Chief Roper wired the facts to the Tulsa officer. Girard was about 35 or 40 years old.

An uncle, John Girard, lives at Robinson, Ill.

### Col. Ford's House Burned.

Middlesboro, Ky., May 12.—Col. Robert C. Ford, prominent banker and member of Gov. McCreary's staff, figured in the role of hero Saturday night when he rescued his two sons, lads of 8 and 11, from flames which razed his handsome residence. Col and Mrs. Ford were away when the fire was discovered. The boys were asleep at home. Col. Ford and his wife reached home just in the nick of time, the little fellows being almost suffocated by the smoke. Col. Ford's loss is more than \$10,000, partly insured. Mrs. Ford lost jewelry valued at several thousand dollars.

## Now President Of Two Colleges

PROF. H. G. BROWNELL

The trustees of Bethel College believe they have made a wise selection for President. President F. D. Perkins after considering carefully his re-election by the board declined to stay with us longer, and there has been a careful hunt for his successor.

The trustees unanimously selected Prof. Harry G. Brownell, now President of Bethel Female College, Hopkinsville. He was the most available man out of the large number of good men offering; he was a man of good brain, large heart and sunny disposition; he is highly educated and has a marked success in handling boys in the past. He was educated in Wheaton College and Rose Polytechnic Institute. He has had much successful experience in the schoolroom, for eight years he was principal of the Manual Training School of Louisville, where he increased the enrollment from 190 to 340; he was principal of the University School at Louisville; he has been four years at the head of the college in Hopkinsville and has increased the attendance and built up in many ways this school.

His main fort however is with boys; he gets out on the play ground with them and makes them his

friends from the go; they all swear by him and help him get more boys. There is every reason to believe with this undivided support of the denomination back of this hustling educator in a very few years, with all these needed improvements, the hall will again be filled with the sons and grandsons of the old boys who love this old college and old town so tenderly.

We all wish President Perkins well in his new field and have every reason to believe that with his good judgment, level head and untiring energy he will be heard from wherever he casts his lot. He is a man of strong convictions and the courage to stand by them at all times.

Mr. Brownell may come to our little city with the understanding that it is a good town in which to live and that the latching string hangs outside. We are bold enough to suggest to him that he will have the support of our good people in all his efforts to build up old Bethel for what he may do for the school within the end add to the town. We are proud of our schools and expect to stand by them.—Russellville Democrat.

## ANCIENT LITERATURE

A Will Dated February 9th, 1797, and a Bill of Sale Of 1843.

WAS FIRST RECORDED WILL.

A Backward Glance of 116 Years, When County Was 12 Years Old.

So far as the records in the county clerk's office reveal, the will published below is the oldest recorded. The will is recorded in Will Book A and the date of the will is February 9th, 1797. The man who made the will was James Davis and the county clerk was Jno. C. Clark. There are, no doubt, many descendants of these two men now living in this county. The old book is one of the many in the clerk's office that are relics of earliest days, and on account of their age, their antiquated appearance and their records, they claim attention when one is privileged to handle them. County Clerk Stowe two or three weeks ago received a letter from a party in Virginia, asking him to look through the archives of his office and find a certain record and make a copy and mail it to the party. It has been 116 years since Jno. C. Clark, the clerk, made his first entry in the volume, and Christian county was then in its twelfth year. In copying the will which follows we have closely followed the spelling and punctuation—in fact, there is but one punctuation point used, the comma. The absence of periods at the ends of sentences, and the non-use of capitals at the beginning of sentences is quite noticeable, as well as omitted words. But in those days, as now, a document had to be copied verbatim et literatim. In reading the will it will be noticed that Mr. Davis was a man of large holdings, owning many negroes. Here is the will:

9th Feb., 1797.

IN THE NAME OF GOD, AMEN:—I, James Davis, being weak in body, of sound mind and memory, do make and ordain this, my last will and testament.

As for the worldly estate with which God has blessed me, I bequeath in the manner following. It is my will that all my just debts be first paid

I give and bequeath to my beloved wife, Deborah Davis, the whole track of land on which I live when at home, on the West Fork of Red river, to my son William C. Davis to the age of twenty one years and after that time I leave her my said beloved wife the one third of said tract of land enduring her life laid off of any part she chooses, I also leave her my said wife my negroes Chloe and David forever to dispose of as she thinks best, I also leave her all my other negroes to my son Abraham Miller Davis, arrives to the age of twenty one, and for the purpose of raising and schooling my children, I leave her the whole Remainder of my moveable Estate, after my debts is paid but should it be more convenient for her to sell a negro or negroes to pay my debts it is my will she shall sell any of them she chooses for that purpose it is my will for her to keep the property or sell it at her pleasure without accounting to any person for any of it, I further will to my two sons William C. Davis and Abraham Miller Davis the above mentioned track of land to be equally divided between them quantity and quality, (each to bear their proportion of their mothers third) to them their heirs or assigns. It is my that in Consequence of get the land my two sons shall each of them pay to each of their sisters (viz) Betsey, Sally, and Patty forty pounds before they arrive at the age of twenty four, I will to my said three daughters Betsey, Sally, & Patsy

## Another Great Discovery.

While Dr. Friedmann is engaged in selling his tuberculosis discovery through a drug firm in New York City, a young scientist named Frederick Mehnarth, an assistant of Dr. Koch, the great German discoverer, has produced a serum which appears to be a specific for all micro organisms in the blood.

He took it to London where he laid it before the leading physicians of that metropolis. The tests in London are now going on and so far as they have gone the remedy has been successful in treating malaria, leprosy, pernicious anemia and other disorders of the blood.

Patients whose death had been expected at any moment are now on the high road to recovery and others have been cured entirely.

Other patients whose tuberculosis was of long standing and extreme virulence have recovered so that neither the sputum nor the blood on a bacteriological examination shows that there is any sign of the presence of the tubercle bacillus.

The physicians declare that contratoxin, which is the name of the new remedy, is harmless and cannot possibly injure the patient.

It can be administered through the mouth if the patient is too weak to receive injections. It not only cures but it apparently confers immunity from another attack of certain diseases, at any rate for a certain period.

This is shown by the fact that malaria patients who were treated in the Congo two years ago have had no recurrence of the disease, though they had previously been chronic sufferers from it.

Whatever disease is treated by "contratoxin," the effect is the stimulation of the leucocytes in the blood and the restoration of its natural complement. It is varied for different diseases by the introduction of a serum extracted from different animals which possess a natural immunity from the complaint under treatment.—Exchange.

my negroes that is not otherwise disposed of to be equally divided between them \* \* \* I do hereby appoint my beloved wife Deborah Davis the sole Executrix of this my last will and testament \* \* \*

In witness whereof I have hereunto set my hand seal this 9th day of February 1797

J. DAVIS [SEAL]

Witness Thos. McMurtry  
A. M. Miller

Then appears the certificate of the county clerk, Jno. C. Clark, that the document was exhibited at the July term, 1797, and ordered to record.

Below will be found a copy of a bill of sale of a negro man sold for \$600. Those who remember the days when negroes were sold, will see that the price paid for John was not the average value. \$800 would be nearer it, but colored mechanics brought from \$1,000 to \$1,200. The bill of sale was left in this office by Mr. A. M. Henry, a descendant of the man who bought the man named.

For and in consideration of the sum of six hundred and fifty dollars, to me in hand paid by Arthur McGaughey of Christian county, Kentucky, I have this day sold to him a negro man named John, 25 years old last June, who is the same man which I bought of John S. Ray, of Union county, Ky., in Octob r 1841. Which man I warrant sound, sensible, healthy and a slave for life, free from any impediment or incumbrance of any character whatever. In testimony whereof I here set my hand and seal this 28th day of February, 1843.

WILLIAM M. BEALE.

### Kissing Doomed.

Suits will be discarded by the time the years 1913 roll around, and both sexes will parade in Oriental trousers; kissing at that time will have gone the way of the skirts, and sentimental couples bent on matrimony, will be compelled to approach the altar armed with personal health certificates.

These predictions are made in a drama written by Mrs. Christian Hennick, a Washington society woman and suffragist.

## For the Weak and Nervous.

Tired-out, weak, nervous men and  
women would feel ambitious, ener-  
getic, full of life and always have a  
good appetite, if they would do the  
sensible thing for health—take Elec-  
tric Bitters. Nothing better for the

wonderful remedy. Mrs. O. Rhine-

## NEW SHARK.

A variety of fish new to science  
was captured by the Australian fish-  
eries investigation vessel Endeavor  
during a recent cruise. This novelty  
in sea dwellers apparently belongs to  
the shark family, and is eighteen  
inches long. H. V. Dannevig, the  
fisheries director, describes it as the  
most curious fish he has seen.

Instead of scales the skin of the  
fish is covered with small plates pre-  
serving the appearance of a coarse  
rasp. Its body is triangle shaped,  
the flat under part being so formed  
as to enable the fish to rest on the  
soft mud. It has serrated teeth and  
very tiny eyes, in contrast with other  
fish found at considerable depths,  
which usually have very large optics.

bronchial cold after all other reme-  
dies failed." It will do the same for  
you if you are suffering with a cold  
or any bronchial, throat or lung  
cough. Keep a bottle on hand all  
the time for everyone in the family  
to use. It is a home doctor. Price

## CHASES BUTTERFLY YEARS.

Entomologist Travels 25,000 Miles for  
Purpose of Catching One Red-  
Spotted Bug.

A telegram from Chicago revealed  
the interesting story of a 25,000-mile  
chase for a butterfly, told by Mrs.  
William Carleton Yange, wife of an  
English entomologist connected with  
the French Institute of Entomology,  
who is on her way to join her hus-  
band in New York. Mrs. Yange  
said her husband had made the jour-  
ney of 25,000 miles for the sole pur-  
pose of catching one butterfly, one  
insignificant, long, red-spotted bug  
belonging to the Bombyx family,  
which is said to be nearly as numer-  
ous as the population of China. Mrs.  
Yange said: "We have had the most  
extraordinary good fortune. The  
actual classification of the butterfly  
I do not know, but I know we have  
two spots in each upper wing, when  
render him exceedingly desirable.  
Moreover, he is snugly done up in a  
tin box hermetically sealed and  
would bring joy to entomologists  
whose collections lack this particular  
specimen. We have been butterfly  
chasing from Paris to Kyoto, and we  
got our little Bombyx in the garden  
of a Japanese gentleman's residence  
at Kyoto after pursuing him twelve  
months." Some of the butterflies  
of this continent are the blue, sul-  
phur, cabbage, angelwing, painted  
lady, zebra swallowtail, silverspot,  
peacock, wood swallowtail, wood  
nymph, milkweed, tiger swallowtail,  
mourning cloak and red-spotted  
purple. The naturalist could not at  
first find the Bombyx or the kind of  
a butterfly he sought, but he did not  
cease his search nor his journey  
around the world till he had found  
his specimen.—Christian Herald.

## THE PHRASE "HOME RULE."

In view of the passage of the home  
rule bill by the house of commons it  
is interesting to recall the beginning  
of that movement. According to  
Barry O'Brien, author of "The Life  
of Charles Stewart Parnell," it was  
at a meeting at the Bilton hotel,  
Dublin, in 1870, that the movement  
was launched, and it was Isaac Butt,  
counsel for the Fenian prisoners,  
who invented the phrase "home rule."  
He thought these words reasonable  
and innocent, while the old cry of  
"repeal" would frighten the English.

## ITALIAN VINES DAMAGED.

Phylloxera is spreading rapidly,  
especially at Taranto and in the  
province of Bari, and has damaged  
vineyards in most localities in Italy.  
Experience has taught that there is  
no remedy against this pest, and the  
only thing to do is to eradicate the  
whole vineyard and replace it with  
American plants.

## DETRIMENTAL SUGGESTIVENESS.

"I see you have disposed of that

## NEW DISEASE FOR ESTHETES

Germs of "Beauty Indigestion" Are  
Prevalent in American Homes,  
Says Art Director.

New York, Feb. 22.—"Beauty in-  
digestion" is the name given to a  
newly discovered esthetic disease, an-  
nounced today by Frank Alvah Par-  
sons, director of the New York  
School of Fine and Applied Arts.  
Mr. Parsons says germs of the dis-  
ease can be found in practically ev-  
ery American home. Here are some  
of the things he says about the  
symptoms and effects of the malady,  
as manifested in so-called household  
art:

"A picture hung by a single wire,  
forming the only triangle in a room  
of vertical and horizontal lines, hits  
one in the eye, disturbs conversation,  
and prevents clear thinking.

"Curtains looped back instead of  
hanging straight are a crime, caus-  
ing bad dreams and an uneasy con-  
science.

"French tapestry ladies embroid-  
ered on pincushions, into whose or-  
nate persons children are allowed to  
stick pins, foster and develop ten-  
dencies toward cruelty and brutality.

"The head of a deer stuffed,  
mounted and hung on a dining-room  
wall is enough to destroy any appe-  
tite and cause a deposit of tears in  
your bouillon, especially if your host  
tells you the delight he took in  
slaughtering the beautiful creature."

Mr. Parsons further holds that,  
while a wreath composed of the hair  
of grandma, three aunts and eleven  
cousins may rightly appeal to the  
sentiments, it indicates mental aber-  
ration to call it ornamental.

He holds that there is plenty of  
good art in America, but that Ameri-  
cans haven't enough art sense to  
know why it is good.—Special to the  
Washington Post.

## GOOD SCHOOLING

"My husband is just awful when  
he wants to find anything. You never  
saw a man throw clothes around the  
way he does."

"Where did he learn to be so un-  
tidy?"

"Why, he was in the New York  
custom house for four years."

## NOT PERFECT.

Mrs. Hammond declined to buy  
any eggs when the man who supplied  
her regularly called at the house.

"I have been finding bad eggs for  
some time," said Mrs. Hammond,  
"sometimes there have been three or  
four in a dozen."

"Well, now, Miss Hammond," the  
farmer replied in remonstrance,  
"ain't that kind of a ha'sh way to  
look at it? Ye hadn't ought to hol-  
no grudge agin a hen, had ye? Don't  
ye know that a hen is bound to lay  
a bad egg now an' agin?"—Harper's  
Magazine.

## HER SARCASTIC SLAM.

"I see the women are going to  
wear medieval costumes in the suf-  
frage parade," remarked Mr.  
Wombat pleasantly. "What are you  
going to wear, my dear?"

"My medieval hat," said Mrs.  
Wombat significantly.

And there were no further re-  
marks.

## UNBELIEVABLE.

"So Peck has appendicitis. I am  
surprised that his wife should ap-  
prove of his having anything so ex-  
pensive."

"Why, she doesn't."

"You don't mean to tell me that  
Peck has dared to get anything  
without his wife's approval?"

## POOR MR. TADDLES!

"Mr. Taddles says he could love  
you, Angeline, if you would give him  
half a chance."

"I'm afraid Mr. Taddles is a hope-  
less case. His idea of being senti-  
mental is to tell me about the tube-  
roses his mother used to grow."

**MAKING THE WORK EASIER**

Little Things in Themselves, but They All Mean a Lightening of the Daily Labor.

A small basin of hot water will facilitate the cutting of citron for mince-meat or fruitcake. When the slicing knife becomes sticky dip it into the water to dissolve the sugar.

Take a piece of one-eighth stiff wire, bend about this at short intervals small wires shaped into hooks and fastened above your kitchen table, to hang spoons, potato masher, egg beater and other light kitchen utensils on.

To remove ink stain from a carpet mix some cornstarch in half a cup buttermilk until a thick paste is formed. Apply this to the ink spot. On the second or third day moisten this a little bit. Scape it off on the fourth day and all traces of the stain will disappear.

When the bread or cake sticks to the pan tip the latter up to an angle less than 45 degrees to the table and lay a damp cloth on the bottom of it. This causes steam to arise inside of the pan. The bread is released by the steam and will slip out slowly.

When milk is scarce and dear economize by omitting it from the griddle cakes. This will work no hardship, for just as good, fluffy and delicious cakes may be made from potato water as from milk. Save the water after boiling potatoes and when cool mix the cakes with it as though it were milk.

**FRUIT SURPRISE VERY GOOD**

Peaches, Pears, or Plums May Be Employed, and the Result Will Be Gratifying.

For this use a can of peaches or of pears or of plums, chopping or crushing them with the liquor, so that you have a quart of the pulp. Put with this a cupful of sugar if the fruit is sweet, two cupfuls if it is tart, one cup of cold water, and the whites of four eggs. Do not beat the eggs. Turn into a freezer and freeze until firm, pack, and let it stand for an hour or so before serving.

This dish is excellent made of fresh oranges—and for this the small tart oranges will answer—or with any kind of soaked fried fruit or canned fruit, berries or the larger fruits. Bananas are also good in it if combined with oranges, and chopped dates and figs may be added to apple sauce and used for a foundation. The "surprise" is neither so heavy nor so expensive as ice cream, and while it may not always take the place of this, it is a very pleasing family dessert.

**Pickled Peppers.**

Choose rather large peppers; wash clean, cut off the tops and scrape out all seeds. Fill with a mixture made as follows: To two quarts of finely chopped cabbage add four large onions, about two tablespoonfuls of pepper seed, two tablespoonfuls of salt, and either two cupfuls of chopped celery, or one-half teaspoonful of celery seed. Pack the peppers as solidly as possible, taking care not to burst them, and press the tops back on. Lay in jars or crocks and cover with hot vinegar. To one gallon of vinegar use about half water if the vinegar is very strong, add four cups of sugar and a teaspoonful of mixed spices; any spice liked extra well can be used. Cover the peppers and set away where cool. They do not need sealing.

**Chicken and Tomato Salad.**

A can of tomatoes, half a box of gelatin, left-over chicken too small for slicing, make a delicious salad. Season the tomatoes with onion, chopped parsley, a bay leaf, a teaspoonful of salt, cayenne and black pepper to taste. Stew for half an hour, strain through a fine sieve to leave much of the substance, return to the stove, add the gelatin (previously soaked in a half cup of cold water). Stir in the chicken, cut into small cubes and stand in a mold or ring to stiffen. Serve on lettuce with mayonnaise.

**Boiled Indian Pudding.**

Warm one pint of molasses, add four well-beaten eggs, one-half a pound of beef suet chopped fine, one tablespoonful of ginger, one-half of a tablespoonful of cinnamon, one teaspoonful of salt; then alternately one pint of milk and sufficient cornmeal to mix to a thick batter. Dip the cloth in boiling water, wring out and flour it; turn the pudding in it and tie up, leaving room for it to swell. Boil steadily for three hours and serve with cream or a liquid sauce.

**To Clean Satin Collars.**

The white satin collars that are so fashionable now but so hard to keep clean may be rinsed out in ether and cleansed immediately. Do not try to sponge off the spots, for that leaves a ring, but put a little ether in a small bowl or teacup and squeeze half the collar at a time and it comes out perfectly white. Ten cents' worth of ether will clean the collar many times.

**Grape Ice Cream.**

Take one pint of rich cream—whip until nice and thick—then add one large cup of grape jelly (dark) and whip again until thoroughly mixed. Freeze from ten to fifteen minutes. It is a pretty mauve color and delicious. Good Housekeeping.

**Rich Lemon Pie.**

To the juice and grated rind of two lemons add yolks of four eggs and white of one egg beaten with seven tablespoonfuls white sugar and one tablespoonful melted butter.

**Are You a Woman?**

Baltimore, Md.—Mrs. W. H. Ison, at 1419 East Madison street, writes: "For several years, I suffered, off and on, from female troubles, until finally I was taken down and could do nothing. The pains I experienced, I shall never forget. I lost weight till I was only skin and bones. I believe I would have been in my grave, if I had not tried Cardui. I shall praise it as long as I live."

Many women, like Mrs. Ison, are weak and discouraged, on account of some painful ailment. Are you one of these sufferers? Cardui will help you. Try it today. Any druggist.

**SHORT ON COAL.**

John Guffigan, a Muncie policeman, was on his way home a few nights ago, and took a short cut through the Lake Erie and Western railroad yards. He saw a negro, with a wheelbarrow and a shovel, preparing to take coal from a car, but none had been placed in the wheelbarrow. "Come along, now, and don't make any trouble," said the policeman. "I've got the evidence on you, this time."

"Yassah, yassah, Mistah Guffigan," said the negro. "You got de evidence, but I ain't got de coal."—Indianapolis News.

**HOUSEHOLD LORE OF VALUE**

Some Good Old Rules That Have Been Handed Down Through Many Generations.

A capital method of cleaning copper pans and kettles is to fill them first of all with boiling water and then to rub the outside with sour milk. The milk must have reached the condition of thick curds, a little being rubbed on with a piece of flannel. Buttermilk is even more satisfactory. When dry, the metal should be polished with a clean chamois leather.

Garlic juice used to be considered the best cement for fine china in bygone days. To extract the juice from the garlics, they were crushed in a mortar and then pressed in a piece of muslin, the juice being then collected and painted on to the broken edges with a brush or a feather.

The finest whitening, crumbled to a powder and then made into a paste with a drop or two of sweet oil, represents an excellent polish for metal dish and pan covers. This should be rubbed on with a piece of flannel, and a little of the powdered whitening enclosed in a muslin bag afterwards sprinkled over the top. A gloss may be obtained by finally scouring briskly with a chamois leather.

A little soap rubbed on the hinges of a door will prevent it from creaking. An old-fashioned method of cleaning an oven is that of placing a handful of straw inside it and setting fire to it. The oven door must be kept closed until the straw has burned itself out. The smoke was considered to soften the crust of grease and fruit which it is often impossible to prevent after meat or fruit tarts have been cooked in the oven. A knife may be required to scrape the stains, and the whole must be well scoured finally with a cloth wrung out in boiling soda suds.

**SUGGESTIONS FOR HOUSEWIFE**

A tiny piece of garlic laid on the lettuce half an hour before serving will give a slight savory flavor.

Knives not in daily use should be well polished and buried in a box of sawdust until required for use.

To render boots and shoes waterproof in damp weather rub a little mutton suet around the edges of the soles. Beeswax is just as efficacious.

Always empty out any water left before filling the kettle. Very frequently the flat taste of tea is caused by using water that has already been boiled.

If a strong brine of salt and water is thrown over the coals less soot will collect in the flues and chimneys. The fire, too, will burn clear and bright.

When baking potatoes grease them first with a little butter, and when cooked they will be beautifully brown and crisp, with the glazed appearance that makes them so appetizing.

Mayonnaise dressing will separate when too much salt has been added to the egg yolks, or when the oil has been dropped too fast, or if the ingredients are not thoroughly chilled when used.

**To Clean Plaster Ornaments.**

Plaster of Paris pieces are pretty just as long as they retain their spotless white color. If they become dusty they may be cleaned by scrubbing them with a soft brush dipped in gasoline. The first washing will leave the gasoline very dirty, so you must carefully wipe the figures and then repeat the process. When thoroughly dirty, and even this method of cleaning fails, the images may be made to look very attractive by painting with white alabaster, or given a glossy finish with white enamel. They may also be renovated by making a weak solution of isinglass water in which clean whitening is dissolved. Paint with this solution and set aside to dry. They are also very decorative when bronzed.

**Rice in French Style.**

Wash well a quarter pound of rice and blanch in boiling water for ten minutes and boil it in a saucepan with an ounce of butter, three tablespoonfuls of sugar, a pint of milk, two bitter almond macaroons, a half ounce of orange peel cut into shreds, a half teaspoonful of orange flower water, 15 or 20 candied cherries cut in halves, the same number of large muscatel raisins, stoned, and a quarter ounce of candied angelica thinly sliced. When the rice is done pour the mixture into a mold. When cold turn out on a platter. Serve it with a sauce flavored with a gill of sherry or rum.

**Rubber Caps.**

Caps of rubber in plaids and checks, as well as in solid colors of unusually pretty shades, are finished with a box plating of the rubber for a frill. They are quite practical for those who like a shower bath and are also used by the woman motorist for pulling over her hat to shield it from dust or rain.—Newark News.

**Pressed Beef.**

Boil a nice beef shank in plenty of water until the meat will fall from the bones and the water is reduced to one pint. Remove bones and gristle and chop the meat very fine. Salt and pepper to taste, add the liquor, stir thoroughly, put in a mold and set away to cool. Serve cut in slices.

**Removing Rust.**

Rust can be removed from steel by covering it with sweet oil for a day, then rub it with a lump of fresh lime and polish in the ordinary way.

**Fork for Mixing.**

Try mixing flour and water for thickening with a fork instead of a spoon. It is less likely to turn lumpy.

**THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD**

Practically a Daily at the price of a Weekly.

No Other Newspaper in the World Gives So Much at So Low a Price.

This is a time of great events and you will want the news accurately and promptly. The Democrats, for the first time in sixteen years, will have the Presidency and they will also control both branches of Congress. The political news is sure to be of the most absorbing interest.

There is a great war in the Old World, and you may read of the extinction of the vast Turkish Empire in Europe, just as a few years ago you read how Spain lost her last foot of soil in America, after having ruled the empire of half the New World.

The World long since established a record for impartiality, and anybody can afford its Thrice-a-Week edition, which comes every other day in the week, except Sunday. It will be of particular value to you now. The Thrice-a-Week World also abounds in other strong features, serial stories, humor, markets, cartoons; in fact, everything that is to be found in a first class daily.

THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the Hopkinsville Kentuckian together for one year for \$2.65.

The regular subscription price of the two papers is \$3.00.

## MISS WEST

### Again Enters the Race For County Superintendent Of Schools.

Miss Jennie West, County Superintendent of Schools, is today announced as a candidate for re-nomination, subject to the action of the Democratic primary election on August 2. Miss West was elected to this position in the "landslide" of 1909 and her administration of the office has been characterized by a close application to its responsible duties. During her term of office the schools of the county have been greatly improved in many respects and the new school laws have been put into successful operation. She has displayed rare executive force and ability in the affairs of the office and she asks an endorsement of her official administration acts. She will have a strong following in the contest, which now has three entries.

Mr. and Mrs. H. D. Wallace have returned from Louisville.

## R. B. THOMAS SUCCEUMBS TO ATTACK OF PARALYSIS

### Former Louisville Business Man Passes Away At Home In Cadiz.

Cadiz, Ky., May 14.—After a confinement to his bed of about ten days Col. R. B. Thomas, 68, died at his home here Monday morning about 7 o'clock, his death resulting from paralysis.

Col. Thomas was a native of this county and the son of Stanley Thomas, who was one of the most prominent citizens of the county during his life-time. Col. Thomas was a member of the Cadiz Baptist church.

When a young man Col. Thomas came from the country to Cadiz and engaged in the grocery business. After about eight years of successful business here he went to Louisville in about 1864, where he engaged in the wholesale whisky business, the name of his firm first being Thomas, Major & Pearce. It later changed to Thomas, Lindsay & Pearce, and still later to Thomas & Lindsay.

He was successful in his business enterprises in Louisville and accumulated quite a fortune. But his health failing him to some extent, he retired from business about 1900 and a year or two later returned to Cadiz, where he has since made his home with Mrs. Addie Gunn, on East Main street.

Col. Thomas was of a robust physique and has enjoyed splendid general health since returning to Cadiz except that he has been troubled at times with locomotor ataxia, which compelled him to use a cane.

About ten days ago he lost com-

## Stops Backache

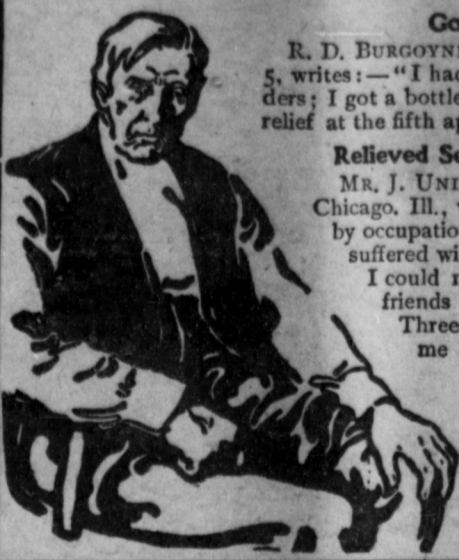

Sloan's Liniment is a splendid remedy for backache, stiff joints, rheumatism, neuralgia and sciatica. You don't need to rub it in—just laid on lightly it gives comfort and ease at once.

#### Best for Pain and Stiffness

MR. GEO. BUCHANAN, of Welch, Okla., writes:—"I have used your Liniment for the past ten years for pain in back and stiffness and find it the best Liniment I ever tried. I recommend it to anyone for pains of any kind."

is good for sprains, strains, bruises, cramp or soreness of the muscles, and all affections of the throat and chest.

#### Got Entire Relief

R. D. BURGESS, of Maysville, Ky., R.R. 1, Box 5, writes:—"I had severe pains between my shoulders; I got a bottle of your Liniment and had entire relief at the fifth application."

#### Relieved Severe Pain in Shoulders

MR. J. UNDERWOOD, of 2000 Warren Ave., Chicago, Ill., writes:—"I am a piano polisher by occupation, and since last September have suffered with severe pain in both shoulders. I could not rest night or day. One of my friends told me about your Liniment. Three applications completely cured me and I will never be without it."

#### CAVE TRIP.

### Enjoyable Outing For Christian County People.

About twenty tickets were sold here yesterday morning for Mammoth Cave and the party left at 7:05 for that place. A special coach had been provided for the Christian County delegation. Several from Cusick and a good number from Pembroke joined the party, comfortably filling the car. Some of the party returned home last night and the rest will arrive to-night. William Bryan, of Russellville, acted as agent for the L. & N. on the party.

#### Meeting at Sturgis.

The solidarity of a country is shown in its buildings. Western Kentucky is growing more solid, her buildings show it. In Western Kentucky Sturgis is a bright spot. With only 1,461 inhabitants she has splendid church buildings and a first class grade and high school building. Four fine brick churches have been builded here in four years. The last has just been completed by the Christian congregation and will be dedicated on May 18. Bro. George L. Snively will dedicate and Bro. M. G. Buckner, of Owensboro, will lead in a meeting to follow immediately.

May 18 will be a big day for Sturgis, a great reunion day for ex-residents and a day of inspiration for all friends who will come and share the celebration with us. Come one, come all. There is room for you. Dinner will be served on the ground. We will be glad to have you as our guest that day. All churches will unite in good fellowship and joy.

G. J. DANIEL, Minister Christian Church.

#### Has Made Good.

Jno. B. Chilton, the warden of the Eddyville penitentiary, is a member of the Western Kentucky contingent in Louisville to see the Kentucky Derby run. Warden Chilton, during his brief incumbency has developed into a most capable prison keeper, and he has instituted a number of reforms at the Eddyville institution that have met with the hearty approval of those interested in reforms of the State Penal Institutions. He is a Christian county Democrat and has long been active in party service.—Louisville Times.

#### Awfully Dry.

You can't call it a drought, but it is awfully dry. Some farmers are getting restless for fear that we may have a spring drought. Others are going ahead with their farming operations, contented with the thought that "whatever is to be will be," whether it suits them or not. Some farmers say that cultivation is mighty good in dry weather. The need of rain is very apparent and the optimists can't deny it.

## NEARLY 200 TO QUALIFY FOR SUPERINTENDENT

### Examination of Candidates Will Be Held At Frankfort May 30 31.

Frankfort, Ky., May 14.—Two hundred candidates for County School Superintendent have notified State Superintendent Barksdale Hamlett that they will take the examination to qualify for the place May 30 and 31. The examination will be conducted here by the State Board of Examiners, composed of Superintendent Hamlett, Prof. J. W. Ireland, of Stanford, and Prof. Wickliffe Lockett, of Henderson.

Candidates for re-election, according to the department's construction of the new law, are not required to stand an examination, but Superintendent Hamlett is of the opinion that the same qualifications apply to the primary as to the election, and that all other candidates for the nomination must have previously passed an examination. Candidates, whose State certificates will have expired before the end of their prospective term, must take the examination.

### Purely Personal.

Mrs. Upshaw Wooldridge is visiting Mrs. Arthur McCormack in Bowling Green.

Mr. and Mrs. C. R. Clark have returned from Dawson, where they visited Mr. Clark's mother.

Dr. Quarles Mills is visiting his sister, Mrs. J. M. Campbell, at St. Charles Court.

Henry Baynham and Geo. A. Bleich came over Tuesday from Owensboro to see the opening game of baseball. Mr. Bleich had charge of the Owensboro team.

Mr. and Mrs. Harold Scott, of Monmouth, Ill., are visiting Mrs. Scott's parents, Dr. and Mrs. M. W. Williams, South Virginia, street.

W. T. Radford left yesterday for Annapolis to attend the Wentz preparatory school and will be examined June 5 for admission to the Naval Academy.

Geo. S. Beard was in the city yesterday enroute from Clarksville to Cadiz.

Miss Mary Park is visiting relatives in Laverne, Tenn.

Miss Rosebud Wood is in St. Louis visiting relatives.

Madames Edmund S. Holloway, and William Elliott, of Henderson, are visiting Mrs. Joe McCarroll, in the country.

Mrs. J. B. Wal went to Bowling Green yesterday as a delegate from the Cumberland Presbyterian church at Bennettsburg to the General Assembly.

#### Will Marry To-night.

Miss Pearl Haddock and Mr. G. T. White, a popular young couple of the Concord neighborhood, will be married to-night. The bride-to-be is the attractive daughter of Mr. and Mrs. Thos. J. Haddock.

## INHUMAN FIGHT

### Continues To Keep Friedmann Cure From Consumptives.

Washington, May 14.—Protesting against Senator Hughes' bill to authorize a special license to practice medicine in the District of Columbia for Dr. Friedmann was sent to congress Monday by the district commissioners. The commissioners insisted that the German physician, who claims to have discovered a cure for tuberculosis, should not be allowed to practice in the district without submitting to the usual test of qualifications prescribed by law. "The efficacy of the system of practice of the proposed license," the commissioners said, "does not appear to be sufficiently established to justify a recommendation that he be accorded the special exemption sought in his behalf."

We are authorized to announce MISS JENNIE WEST as a candidate for the Democratic renomination for Superintendent of Schools in Christian county, subject to the Democratic primary, August 2nd, 1913.

#### GENERAL ASSEMBLY

### Meets at Bowling Green Today For Several Days Session.

## "Bring On Your Hay!"

"This is a LOUDEN CARRIER and a LOUDEN BALANCE GRAPPLE FORK, and you can't come too hard or too fast for 'em."

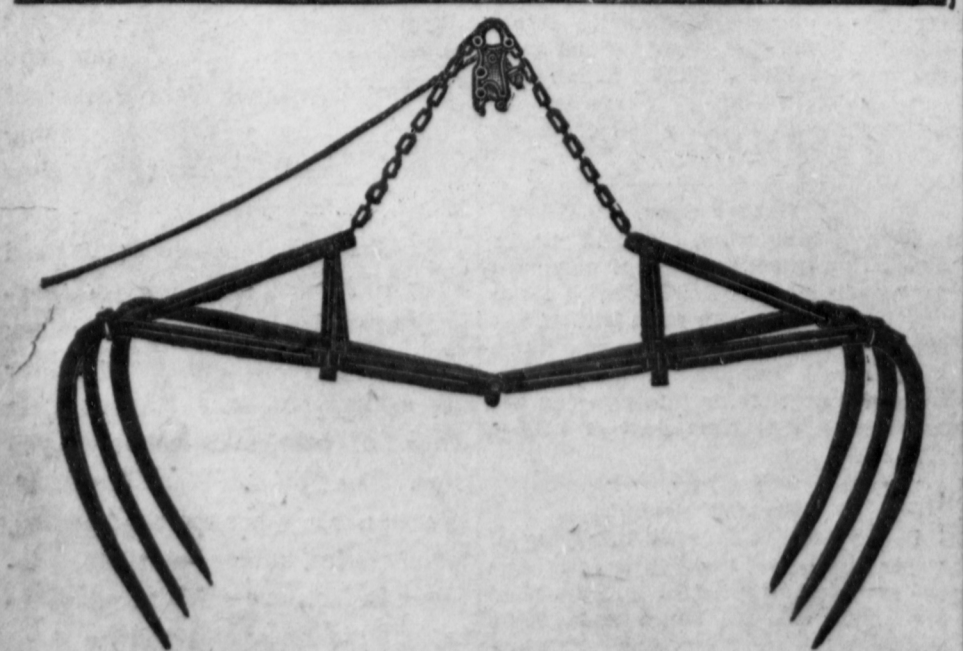

IT'S mighty comforting to know that when you drive up with a load of hay you've got a carrier you can depend on and a fork that will handle any kind of hay you put it into—clover, timothy, wild upland, alfalfa or straw. It's all the same.

The Louden is the simplest, strongest and most compactly built Hay Carrier ever designed. It has an action so positive it simply can't go wrong. It's built to stand three times the strain expected of it. The material in it is the best that can be bought.

The Louden Balance Grapple Fork is the best fork in the market for all classes of hay. Through its "arched support" it has perfect balance, and can be opened or closed with just a touch. We want a chance to show you this Carrier and Fork. They are honest tools and we have confidence in them.

You'll have confidence, too, when you see them.

## CHAUTAUQUA SEASON TICKETS.

In arranging to inaugurate this chautauqua this year the local committee bought 1,000 \$2.50 season tickets, which will be sold while they last by them for \$2.00 each.

When these tickets are exhausted no season tickets thereafter can be had for less than \$2.50. Also, the price of season tickets will not be reduced from the first day to the close of the chautauqua.

The single admissions to the different sessions of this chautauqua aggregate more than \$5.00, so it will pay you to buy a season ticket even after the program is half completed. For the single admissions to the respective entertainments see program.

Season tickets are non-transferable except within the owner's family.

CHILDREN'S TICKETS admit children aged six to fourteen years inclusive. Only child's tickets will admit children to the children's work.

## Three Ways To Buy Clothes

YOU BUY YOUR CLOTHES IN ONE OF THESE WAYS. WHICH DO YOU THINK IS THE BEST?

1. You may go to a custom-tailor and have them "made-to-order." You have delays; "try-ons;" you don't know what you are going to get; and if he's a cheap tailor--\$25, \$30, \$40--you don't get very much.

2. You may pick out a piece of cloth from a book of samples; send your specifications away somewhere; and wait. If the suit "makes up" as you expected, if it is trimmed as you hoped, if it fits as you want it to, you're lucky.

3. You may come to us for Hart, Schaffner & Marx clothes; see them ready, not merely a piece of cloth; see how they look on you, not in an illustration or on a dummy figure, see the linings and trimmings, not merely words about them; see how the suit fits, before you buy, not after; see that it is becoming to you not just guess at it; and take only a few minutes of your time.

This third way is right; you pay less than in 1; and get more value than in 2. As a demonstration of it, ask us to show you one of our suits at \$25.

Success Assured When Strenuous Pembrokeans Got to Work.

Mr. R. C. Chilton, who knows good ball when he sees it, was in the city yesterday "on business." Mr. Chilton has been one of the most active men in conducting the Pembroke horse shows for several years. His many friends here will regret to learn that his health is much impaired, but as he is a man who never gives up, it is hoped that he will not be down and out for many, many years to come.

Since the organization of the Pennyroyal Fair the horse shows at Pembroke are to be discontinued and the enterprising horseman of our neighbor town will do much toward making a big success of the county fair at the very start.

Section of Marching Army Told Off  
to Warn Main Body of the Ap-  
proach of Possible Danger.

Many observers have noticed the  
soldierlike qualities of an army of  
termites, or white ants, when in close  
array it overwhelms the objects of  
its attack or travels along in orderly,  
military file. An account in La Na-  
ture, based on the observations of  
Professor Bugnion of Lausanne, tells  
of a curious drum corps of these  
fierce little warriors.

One day Professor Bugnion visited  
a little island on the Lake Am-  
balangoda in Ceylon. While idling  
about he suddenly became aware of  
a faint drumming noise. Turning  
in the direction from which the  
sound came, he perceived a colony  
of termites beneath some dry leaves  
that had fallen from a bread tree.  
The noise, which lasted for a few  
seconds, sounded like the very dis-  
tant roll of a drum. On closer in-  
vestigation Professor Bugnion dis-  
covered that it was caused by a little  
band of termites beating a lively  
tattoo with their mandibles against  
the bottom of the leaves. They had  
evidently been disturbed by his ap-  
proach, and were warning the work-  
ing battalion of the army.

Another instance of the effective-  
ness of the drum corps was observed  
in the interior of a bungalow. No-  
ticing that termites had invaded the  
wall of one of the rooms, the owner  
had placed in one corner an iron pot  
filled with bits of wood; he hoped  
to attract them into the pot and then  
burn them. Professor Bugnion went  
into the room and closed a closet  
door somewhat sharply. Immediately  
he noticed a drumming noise  
coming from the kettle. As soon as  
the sound died away, he repeated the  
experiment, with the same result.  
Each time that a sharp or unusual  
noise was made, or that some one  
talked loudly the termites' signal of  
alarm was drummed in the kettle.—

**AUTO AILMENTS.**

A formidable array of nervous  
and other ailments has been charged  
against motoring, the victims for the  
most part being women, indicating  
that this sport is over strenuous for  
them. Among the ailments are the  
"auto eye" and the "auto leg." The  
auto eye is a spasm of the ciliary  
muscles, which govern accommoda-  
tions for distances, the sight being  
constantly and rapidly attracted by  
objects now near, now distant, mak-  
ing an abnormal strain on the visual  
mechanism. The Journal of the  
American Medical Association de-  
scribes the auto leg as a cramp due  
to sitting in one position for hours  
while the veins and muscles are un-  
der strain from consecutive shocks  
and joltings over hard roads.

**BIRD DIDN'T SAY ANYTHING**

Mrs. O'Toole Kills and Bakes Parrot  
When It Failed to Make Itself  
Known to Her.

O'Toole was passing a bird store  
when this sign caught his eye:  
"Step In. A Bargain Today. An El-  
egant Poll Parrot Which Speaks Sev-  
en Languages for Sale."

O'Toole went in. "What are ye  
askin' for the bird?" he asked.  
"One Dollar, and it's a sacrifice,"  
said the dealer.

"You're on," said O'Toole. "Put  
the beast in a cage and send it out  
to Mrs. Ellen O'Toole to the Sham-  
rock apartments on the drive." Then  
he continued on his way home, so an-  
xious was he to try the parrot out on  
the language thing, and when the  
whistle blew he was the first man out.  
Running home he dashed in upon his  
wife and exclaimed with face aglow:  
"Did the bird come, Illin?"

"It did, Dinny, and it's stuffed,  
baked and ready for ye, but I'm tellin'  
ye, Dinny, there's no more than a  
pick on the thing."

"Ye cooked it?" screamed O'Toole.

"Sure," said Mrs. O'Toole.

"Twasn't to be killed, Illin,"  
cried O'Toole. "Sure, the poor green  
thing was a present to ye—'twas a  
talking parrot. The bird could spake  
seven languages!"

"Well, why the blazes didn't it say  
something?" came back Mrs. O'Toole.  
—Montreal Herald.

**THE REASON.**

The Temperance Advocate—My  
poor man, don't you know that most  
alcoholic beverages are adulterated?  
The Drinking Man—Sure, and that's  
why I make it my business to take  
larger drinks so that I get all of the  
genuine article that's coming to me.

**Not in His Class.**

Rich Man (from city, visiting at  
country church)—My own preacher in  
the city is the Rev. Fashion. You have  
heard of him?

Country Pastor—Yes; but we don't  
recognize him.

Rich Man—Indeed! Why not?

Country Pastor—He preaches for  
money instead of vegetables and do-  
nation parties.—Puck.

**Plan and the Man.**

"Yes, we are going to advertise our  
goods in a frank and straightforward  
way. That's the only publicity that  
pays. We've just hired a new adver-  
tising man."

"Who is it?"

"J. Babbleton Swope, the famous  
writer of fiction."

**Secrecy.**

"How do you know the man is an  
employee of the railway company?"  
asked one talkative passenger.

"Because," replied the other, "he's  
the only man on this train who in-  
sists that he hasn't the slightest idea  
of what has happened to make us  
five hours late."

**Can You Beat It?**

"Gribble is the worst pessimist I  
know."

"Why do you say that?"

"I met him this morning, so rich in  
joyous suggestions of spring, and  
what do you suppose he said?"

"I can't imagine."

"He said, 'Well, we'll soon be both-  
ered with flies again.'"

**Knew Her Weakness.**

"So Kitty and Jack have quarreled?"

"Yes; she told him that when they  
meet again it must be as strangers."

"Jack doesn't mind it much."

"Well, you see he knows that if  
they meet as strangers she's bound to  
start a flirtation with him."

**Scientific Explanation.**

"A Jokesmith wants to know what  
becomes of the hole in a doughnut  
when you eat the doughnut?"

"That's simple enough. The hole  
remains suspended in the air, but you  
can't see it."

**A Severe Test.**

"Penwhiller is a wonderful artist."

"He has a great reputation."

"And richly deserved, too. Why,

Penwhiller can draw a girl kissing  
a pebble and, upon my word, it is  
still possible to admire the girl."

**See Court Records.**

"According to one authority, the  
moon does not affect the tide so much  
as it does the mind."

"Oh, I don't know about that. It  
has often affected the tide who were  
not tied to each other."

**Going Some.**

"Is he a smart man?"

"Is he? Why I reckon that man  
comes pretty high knowing as much  
as a boy of eighteen thinks he knows."

## 77 CORRECT ANSWERS IN LOUISVILLE COURIER-JOURNAL BOOKLOVERS CONTEST

Two members of our club had and used 77 correct answers in the Louisville Courier-Journal Booklovers Contest. Another member had 76 and another 75. Members of our club won prizes in the former Commercial-Appeal Contest. We are going to work on the Memphis Commercial-Appeal Contest, in which \$6,000 in cash is going to be given away. We are going to offer our work and experience to contestants who desire it. We will have some advantage over others, selling lists, as we will only work one contest at the time, which will enable us to give all our time and thought to it. Write us today and send a return envelope for our selection for the first 20 pictures, which will be mailed you free of charge.

## FINE FARM FOR SALE!

ON THE FIRST MONDAY IN JUNE,

Or the Second Day of June, 1913, We Will Sell to the Highest and Best Bidder the Late

**H. B. CLARK FARM**

The Home Place—Known as Bellevue,

In Christian County, Ky. Said farm is about 2 miles East of Gracey, Ky., and 7 miles from Hopkinsville, Ky., on the Cadiz road. A good pike leading out from town to farm, and on the North end of farm is a good Public School, also Methodist Church on East end. Then it is just 2 miles to Gracey, where there is a good Graded School, and also Baptist and Presbyterian Churches.

Said farm has a two-story dwelling house, 6 large rooms and halls, 2 porches, and is in first-class repair.

House sets in a beautiful yard on the pike, with flowers, shrubs and large oak trees in yard. A nice orchard joins the yard, set with a variety of fruit trees now in bearing. Said farm has several tenant houses, a good stock barn and a large tobacco barn that will house 20 acres of large tobacco.

The Farm contains about 155 acres of land. About 16 acres in timber.

Balance open for cultivation. Is well watered and well fenced, with all necessary cross fences.

We will also sell at the same time and place 15 acres Timber Land,

About 2 miles from the Home Place, and used as timber for home farm. The two tracts will be sold separately, and according to the will made by H. B. Clark, Deceased. There will be no by-bidding. It will be sold to the highest bidder.

### TERMS:

One-half cash, balance in one and two years, with 6 per cent interest.

Possession given January 1st, 1914. Purchaser allowed privilege of seeding wheat crop or any other preparation for crop next year. Sale will take place in front of the Court House the first Monday in June—the 2nd day. We invite anyone desiring to purchase a farm to go and look this place over before the day of sale.

### BECKHAM'S RECORD

## Is To Be The Target of Stanley When Latter Opens Campaign.

Washington, D. C., May 14.—The record of J. C. W. Beckham as Governor of Kentucky will be the target of Representative A. O. Stanley when the latter opens his campaign for the United States Senatorship at Glasgow next Monday.

Stanley will attack the former Governor on the ground that the legislation passed during his administration was less favorable to the people than to the corporations. He raised this issue as soon as he decided to contest for the toga now worn by Senator William O. Bradley (Republican) and will stick to it until the primary campaign is ended.

The Second District Representative said Sunday that he would carry his campaign into every county of the State and would arrange his itinerary so as to include the county seats on court days. He is awaiting a reply from the former Governor to his challenge that Mr. Beckham meet him at Glasgow next Monday. Stanley insists that he will be a candidate for the Senatorial nomination up to the close of the primaries next year.

### COMMISSIONER CLARK

## Sends a Bunch of Boot-Leggings to Bowling Green.

There may not be "millions in it," but United States Commissioner, Alvan Clark seems to be "drumming up" a good business and at times can hardly spare a few minutes to get off a new joke. A week ago he had five negroes before him on the charge of selling whiskey without government license, often called "bootlegging." One of the prisoners is a woman. Commissioner Clark held them over and, as none of them was able to make bond, he sent them to Bowling Green to be tried before Judge Evans, who opens court there next Monday. The negroes live in Hopkins county.

### RETURNED MISSIONARY

## To India to Preach at South Union Church Sunday.

Rev. Hugh Gregory will preach next Sunday morning at South Union Baptist church.

Mr. Gregory has been doing missionary work in India for the past five years under the auspices of the Methodist church foreign board. He returned to the neighborhood of his youth about ten days ago and his old friends and acquaintances have requested him to preach on Sunday morning. Everybody is most cordially invited to hear him.

### Bob Taylor Lives,

In the two bright and beautiful books just issued, "Lectures and Best Literary Productions," and "Life and Career" of Senator Robert Love Taylor, handsomely illustrated, you cannot hear again his voice or see the humorous curl of his lips, that convulsed a continent with laughter, but, within the covers of these volumes, are the pictures woven of his wondrous words, and, laughing through their sunny pages, are all of the inimitable stories which he told to the multitudes. In "Life and Career," pens of genius have traced his romantic life from its morning in "Happy Valley," through his young and roseate dreams, through stress and storm, through cheering throngs, and on into the waiting shadows, loved and laurel crowned.

We expect to sell millions of these books. First edition going fast.

Cloth, \$2 the Volume, \$4 the Set, Half Morocco, \$2.75 the Volume, \$5 the Set, Full Morocco, \$5.50 the Volume, \$10 the Set. The people want them. A harvest for Agents. Liberal commissions. Address,

### Witty-Morris.

Lee Witty, a widower and well known farmer who resides a few miles north of this city, and Mrs. Alice F. Morris, of Hopkins county, were married at Earlinton Sunday. The wedding occurred at the Christian church, the pastor, Rev. H. J. Brazelton, performing the ceremony.

SHERWIN-WILLIAMS PAINTS & VARNISHES

#### If Your House Needs Painting Use S. W. P.

If your house, or barn, or buildings of any sort, need painting, don't put it off. Now—this spring—is the time to paint. A building that is kept protected from the weather, damp, sun and so on, will outlast by years a building that is allowed to go unpainted or poorly painted. It is much better business to save the building you have than buy a new one. And besides this, well painted buildings are much pleasanter to live in, and bring a much higher price if you should want to sell, than dingy, unpainted buildings.

To arrive at the cost of painting, figure the number of square feet a gallon will cover, and how long it will last, not what the paint costs a gallon. Don't simply figure what it costs to paint your house or barn, but what it costs to keep it painted year in and year out. S. W. P. is honestly made of the best raw materials obtainable, and will prove more economical and satisfactory to the man who pays the bill than either hand mixed lead and oil or the so-called "cheap ready-mixed paint." We are agents for Sherwin-Williams Paint, Prepared (S. W. P.). Come in and we will be glad to discuss the paint and varnish question with you.

### Medal Contest.

The next W. C. T. U. Medal Contest will take place on next Monday night, May 19th., at the Christian church. The contestants this time will be young men from the High School. They are each making the best preparation possible to win the beautiful silver medal. Mrs. Florence Loomis will return from Crofton and continue her work in drilling the boys. A pleasing musical program will also be rendered. Everybody is cordially invited to come and enjoy a pleasant evening and also encourage our young people in this good work. Those who attended the contest given last week by the young women will want to come and hear our boys.

### Wants to Live Three Months.

Capt. James V. Martin, a sea captain and a licensed aviator, has announced that he will attempt to cross the Atlantic from Newfoundland to Ireland in an aeroplane next August.

The air line Martin will attempt to follow is 1,635 miles long, and he expects to make a non-stop flight, in a specially built French biplane.

### After 16 Years.

After 16 years of married life, during which time four children have been born, Mrs. Mary F. Hancock has filed suit for divorce against her husband, Claude S. Hancock. Incompatibility seems to be the cause, as Mrs. Hancock states in her petition that their lives have not been happy and she has been subjected to improper treatment by her husband. She asks the court to al-

low her \$20 per month alimony and the custody of the youngest of the four children, a girl. The other three children are boys.
